

## THE UNICELL ADVANTAGE

### ONE OF A KIND

Each Unicell van body is created using our patented programmable fiberglass application machine, which enables Unicell to design and build van bodies that are more aerodynamic and better styled than conventional methods and materials allow.

### RUGGED

Unicell's unique construction is built to withstand abuse: our fiberglass bodies are tougher and more puncture resistant than .040" aluminum bodies or ½" plywood, leading to fewer ugly dents and costly repairs.

### SLEEK

Our bodies are manufactured from one-piece molded fiberglass, which means no seams, caulking, or unsightly rivets, just an uninterrupted, smooth, glossy white gel-coat finish. Unicell bodies look great on their own, or provide the perfect canvas for vinyl graphic wraps.

### LIGHTWEIGHT

Unicell presents the best van body choice pound for pound: our bodies are as light as any aluminum sheet and post design but considerably stronger.

### LONG-LASTING

Unicell bodies are built to last and backed by our 5-year limited warranty. Our fiberglass design makes repairs quicker and easier than for other constructions, which puts you back on the road sooner. Unicell's reputation for quality results in consistently higher value upon resale.

## The Aerocell Next

Unicell is excited to introduce its newest product, the Aerocell Next. Unicell first launched the GM Aerocell in the mid-90s. The Aerocell Next represents a refresh of its now-classic Aerocell body, drawing upon lessons learned from the past 20 years. The Aerocell Next reflects Unicell's ongoing commitment to supplying premium van bodies for Chevrolet and GMC chassis.

The newly refined aerodynamic design offers a sleek new look while providing exceptional fuel efficiency and a smooth, quiet ride. The Aerocell Next is sure to delight long-standing fans of Unicell's unique van bodies and newcomers alike with its styling, strength, and driveability.

CONTRACTORS

FOR EASY LOADING, ADD AN ALUMINUM WALK-RAMP OR A LIFTGATE FROM OUR MANY PREMIUM SUPPLIERS.

GETTING IN AND OUT IS MADE EASY WITH OUR SELECTION OF REAR AND SIDE DOORS, BOTH STANDARD AND CUSTOM.

CHOOSE FROM TONS OF AVAILABLE OPTIONS FOR LINING, FLOORING, CARGO CONTROL, AND MORE!

## By the Numbers

# 15-20%

Aerocell aerodynamic bodies lead to reported fuel savings of up to 15-20% compared with conventional van bodies mounted on the same chassis.

| Body Length | Inside Height |            | Widths | Wheelbase     |      |
|-------------|---------------|------------|--------|---------------|------|
|             | Flat Floor    | Wheelboxes |        | G3500 / G4500 |      |
| 12'         | 79"           | 85"        | 96"    | 159"          |      |
| 14'         | 79"           | 85"        | 96"    | 159"          |      |
| 15'         | 79"           | 85"        | 96"    | 159"          | 177" |
| 16'         | 79"           | 85"        | 96"    | 177"          |      |
| 17'         | 79"           | 85"        | 96"    | 177"          |      |
